Others

Affiliation

- Last year, 2 new sub-organizations (Business Association & Lee Chi Hung Hall Student Association) were partially affiliated to the Union. When dealing with these two cases, the Committee realized that there were no guideline and procedures to set up a new sub-organization. The Committee followed the procedure mentioned below,

- I. interested parties should submit a draft of constitution of their sub-organization to this Committee (CRC);
- II. after approval from the Committee, the draft (with amendments if necessary) should be received and adopted in the general meeting or general polling of the sub-organization. The general meeting and polling should be convened in the procedures in their constitution draft;
- III. the constitution draft is then declared as valid and under the scrutinization of Union Council. The Union Council can then decide the partial affiliation of the sub-organization upon its request;

For ICA/SA clubs, the draft should first sent to the constitution review committee of their respective council before step (I), and their final constitution should be adopted by their respective council, before submitting to the Union Council. For departmental societies, their final constitution only needs approval from their faculty council. (Step (III) need not be performed).

(CRC Annual Report, 1997)

- In the coming Union Council Session, the Council shall consider the official affiliation of the 2 sub-organization mentioned above. Last year the Committee followed the criteria mentioned below to consider the official affiliation of Wei Lun Hall Students' Association.

- I. Whether the sub-organization followed its own constitution;
- II. whether the sub-organization followed the rules of the Union, and;
- III. whether there is an executive committee in that particular session of the sub-organization.

Any negative answer to the above 3 points may rile its official affiliation application to the Union.
